Chairman Federal Communications Commission  
1919 "M" Street, N.W.  
Washington D.C. 20554

Dear Sirs:

This letter is in opposition to the Proposed Rule Making (NPRM 92-235), proposing splitting and realigning of all present radio channels as well as cutting down bandwidth. These rules would create untenable system degradation to the public-safety radio systems as well as create a financial hardship for remodification of the present system.

I respectfully request a time extension on the February 26th deadline to allow sufficient time to analyze the Proposed Rule Making.

Sincerely,

*Linda Hoggatt*
